GENERAL DENTISTRY

Dear New Patient,

It is with great pleasure that I welcome you to our practice of family and cosmetic dentistry. We strive to be courteous and professional in order to provide you with a most comfortable and pleasant office in which to receive your dental care.

To help us get better acquainted, allow me to give you a brief background about myself. I graduated valedictorian from my high school in South San Francisco, California and entered UC Berkeley with Honors at Entrance. I graduated from UC Berkeley with a BA in Zoology and enrolled into the dental program at UC Medical Center School of Dentistry in San Francisco from which I graduated in 1971 in the top 10% of my class. I moved down to Orange County lured by the warm climate, a growing population, and a great place to play tennis!

I chose the field of general family dentistry because I thoroughly enjoyed all of the phases of dentistry. Not only did I pursue the clinical aspects of dentistry with great vigor, but I also had an insatiable appetite for the educational courses as well. It did not take long before I enrolled in post graduate programs which expanded my clinical skills in **orthodontics and TMJ** (temporomandibular joint) disorders. Both areas of expertise have been well received and greatly needed by my patients.

In addition to the aforementioned services, I am proud to extend a wide scope of dental services which include **cosmetic dentistry (tooth whitening/bleaching, bonding, and porcelain veneers), crowns, bridges, partials, dentures, root canals, extractions, fillings, periodontal therapy, implants, and the exciting new concept of laser dentistry.** If you have any questions, please feel free to inquire.

I am an active member of the American Dental Association, the California Dental Association, and the Orange County Dental Society. I am very proud to say that I offer my patients uncompromised state of the art dentistry which is well founded by my thirst for knowledge through countless hours of continuing education.

Our office is located in The Medical Center at the southeast corner of Nohl Ranch Road and Anaheim Hills Road. The address is 500 South Anaheim Hills Road, Suite 220, Anaheim, California 92807. Our telephone number is (714)998-5710.

We look forward to seeing you soon!

Edison C. Louie, DDS, and Staff
